

Newsletter # 65 – May 2024

TECHNICAL WORKING-GROUP MEETINGS

May 2024

- Thursday 16 : Safety Instrumented Systems
Friday 17 : Measurement, New Technologies
Wednesday 22 : Cybersecurity of Industrial Systems
Thursday 30 : Control system, Supervision,
Simulation and Programing

June 2024

- Wednesday 5 : Industrial Analyzers – Safety and Detection
Thursday 6 : Obsolescence management
Friday 7 : Flow-measures – Level-measures
Wednesday 12 : Industrial Transmitters & Networks

An updated calendar is available on www.exera.com

Members of Namur, EI, WIB or CLUI AS who wish to attend one of the meetings are welcome to contact our office.

ONGOING OPERATIONS

- May 2021 Development of an online database of safety instrumented system incidents
Jan. 2023 Evaluation of 7 surface temperature probes [0°C to 100°C] in gas or liquid fluids
July 2023 Drafting of a (paper) selection guide on flowmeters for pressurized piping
Sept. 2023 Evaluation of smartphone applications for measuring angles and distances
Dec. 2023 Evaluation of flame ignition detectors.

UPCOMING OPERATIONS

- Evaluation of small flowmeters for unusual gases
- Development of an interactive selection guide on flowmeters for pressurized piping.

Manufacturers and distributors who are interested in taking part in these operations are invited to contact our office.

ASSOCIATION UPDATES

- Board of Administrators meeting on June 20th in Paris,
- General assembly on June 20th in Paris,
- 2025 Program Committee meeting on November 14th, 2024, on LNE premises in Paris, followed by Exera's 50 years anniversary celebration.

REPORTS RECENTLY UPLOADED

- E6195X23R Evaluation of the Boreal Gasfinder OPC3 Open Path Detector
E6196X23R Evaluation of the Det-Tronics Flexsight LS2000 Open Path gas Detector
E6197X23R Evaluation of the Dräger Pulsar 7000 Open Path gas Detector
E6198X23R Evaluation of the Emerson Spectrex SafEye Quasar 900 Detector
E6199X23R Evaluation of the Honeywell Searchline Excel Plus Open Path gas Detector
E6200X24R Evaluation of Five Open Path Gas Detectors - Summary Report
M6201X23R Third update of the tutorial on norm IEC 62443 «Cybersecurity of Industrial Systems» - v2023.3

UPCOMING EXERA EVENTS

- **Technical Day « Cybersecurity of industrial systems »**
Registrations are now open to all, members and non-members (**registrations on the Exera website**)
September 26, 2024, in Paris
- **Technical Day « Industrial Instrumentation »**
Registrations will be open to all (members and non-members)
Date and location to be confirmed
- **“Expert Centre” Day at a member’s premises**
Visit of Aéroports de Paris facilities, for Exera members only, at Roissy CDG
Date to be confirmed (Q4)
- **“Manufacturer” Day at a manufacturer’s premises**
For Exera members only
Date and location to be confirmed
